UNITED STATES AND JAPAN DISAGREE

Controversy Over Island of Yap Being Discussed By Governments.

(By the Associated Press)
WASHINGTON, April 18.—To maintain its position with regard to the Pacific Island of Yap the American government would have to "prove not merely the fact that President Wilson made reservation concerning it, but also that the supreme council decided in favor of these views," the Japanese government says in a note under date of last February 26, made public today by the state department along with the other correspondence between the two governments regarding Yap.

"It must also be remembered," Japan says, "that if a decision in favor of the exclusion of the Island of Yap—a question of grave concern to Japan and one on which the Japanese delegation invariably maintained a firm attitude—freely made as it is implied by the argument of the United States government at the meeting of the supreme council, May 7, 1919, at which Japan was not represented, it could not but have been regarded as an act of entirely bad faith."

It was to this note that Secretary Hughes replied last April 5, at the same time sending similar notes to the government of Great Britain, France and Italy. He declared that the United States was unable to agree with Japan's contention that in order to maintain its position it would have to prove not only that President Wilson made reservations regarding Yap, but also that the supreme council adopted those views.

"As no treaty has ever been concluded with the United States relating to the Island of Yap," Hughes added, "and as no one has ever been authorized to cede or surrender the right of interest of the United States in this island, this government must insist that it has not lost its right or interest as it existed prior to an action of the supreme council or of the League of nations cannot recognize the allegations of the island or the validity of the mandate to Japan."

Japan has not as yet replied to this communication so that to date the correspondence consists of the two notes quoted in the foregoing, another formal note sent by acting Secretary Davis, last December 6, by direction of President Wilson and two memoranda, with which the exchanges were initiated last November.

WASHINGTON, April 18.—In the first memorandum dated November 9, the secretary of state said it was "the clear understanding of the American government, that the supreme council, at the previous request of President Wilson, had reserved for future consideration the final disposition of the island, in the hope that some agreement might be reached to place it under international control and thus render it available as an international cable station."

OKLAHOMA WEATHER.
Tonight and Friday rising temperature.

Let's Play the Oil Game Square

There is no doubt but that a valuable oil discovery has been made in Ada territory, and the News is probably more elated over the fact than any concern in the city. We haven't an acre of land or oil leases and are not in the game. We are elated over the discovery for the good that will come to Ada and for the very good reason that we sometime ago staked our all in the belief that the thing that has just transpired would transpire sooner or later.

Now that the find has been made, let's all play the game square. We hope the men who open this field will make enormous fortunes. We are not jealous of the success of a single individual. But we do want the people to have the truth and the whole truth, and we mean to see that they get it, even if we are forced to employ the shrewdest newspaper detectives in the profession.

Let's don't color the reports to enable anybody to do any lease grabbing or unload any elephants. The oil game is just as square as any other game if it is played square, and that's the only way to play it if we don't want a black eye in the end.

Don't give the News any "bum steers" with the idea of making sentiment suitable to your own pet scheme, for we are going to the bottom of every operation and we are not going to "play horse" for anybody. Develop the territory, let every man make all he can in a legitimate way, and all will be rewarded for their energy and ingenuity.

ENGLAND FACING COAL SHORTAGE

Miners Apparently Determined to Carry Out Strike Program.

(By the Associated Press)
LONDON, April 18.—Governmental authorities were anxious today to re-open negotiations between the miners and the owners of colliers throughout the united kingdom, with the hope of bringing about a permanent settlement of the wage question.

There seemed little probability, however, that members of the miners federation would take any steps to meet government officials or mine owners before next Friday.

In the meantime Great Britain is facing a serious coal shortage.

Chamber of Commerce Calls Oklahoman for Ignoring Ada Field

R. C. Roland, for the Chamber of Commerce, called E. K. Gaylord, editor of the Oklahoman, by long distance phone this morning and expressed the indignation of the Chamber of Commerce and the citizenship of Ada in general, for the manner in which the Oklahoman has ignored the big oil strike in the Ada field.

It seems that news of the strike had been sent to the Oklahoman by the regular correspondent here, and that the same had failed to appear. In yesterday's Oklahoman, however, was an account of an oil find in this district, but was placed under a Stratford date line.

The Oklahoman, for some reason or other, the citizens claim, have consistently ignored Ada in all news matter for several years, and Mr. Roland states that on former occasions he has called the attention of the state editor of that paper to the matter, always getting a promise to do better.

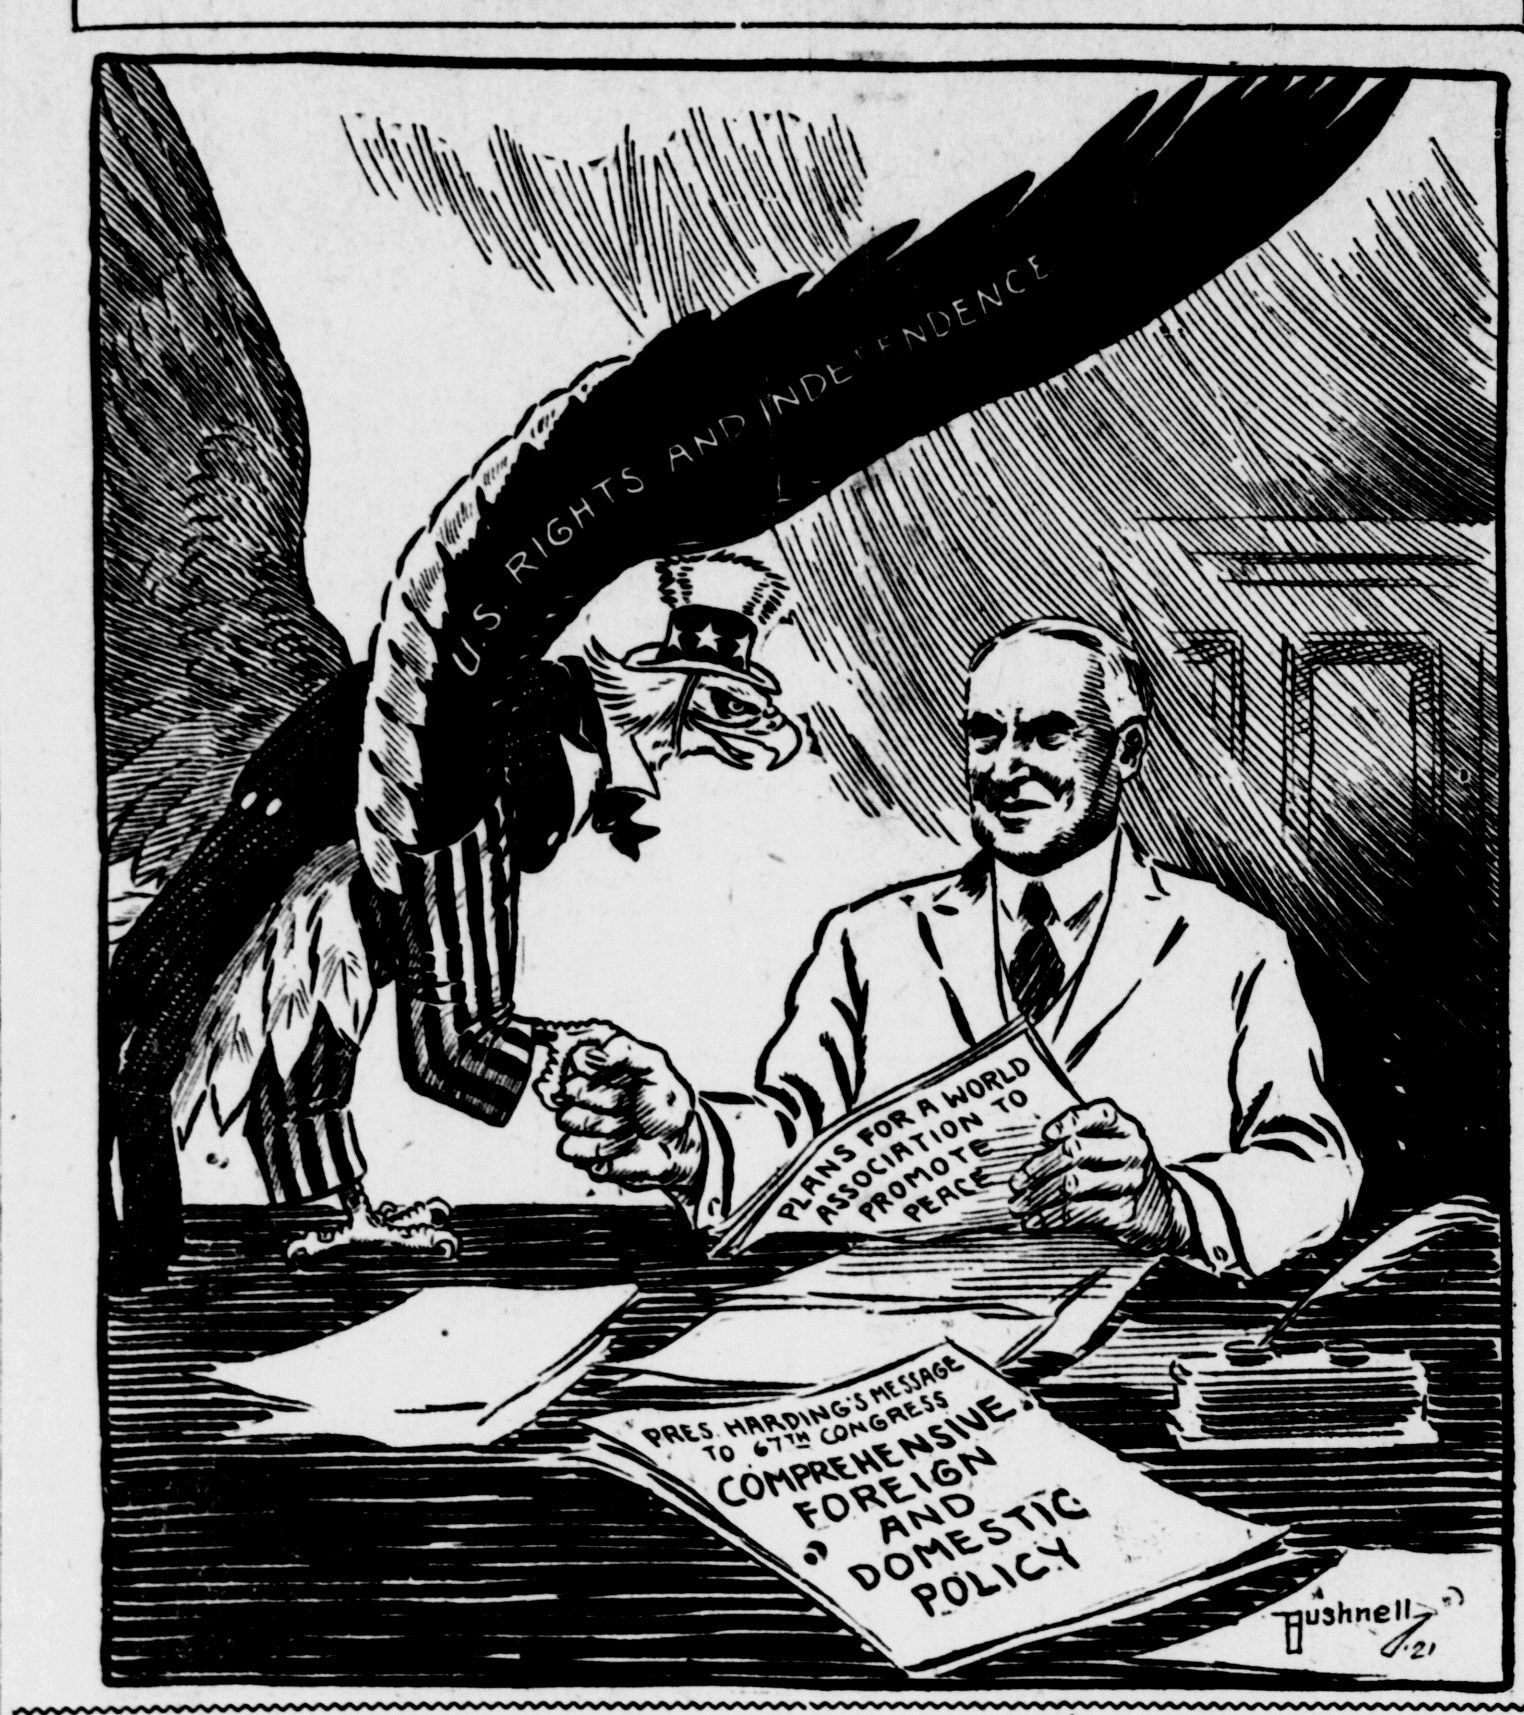

Mr. Roland stated that Mr. Gaylord denied any knowledge of the fact that Ada has been ignored, and promised to see to it that Ada matter got due consideration in the future. Mr. Roland stated that if the Oklahoman didn't make an effort to give us better service in the future that the circulation of that paper in this county would soon be reduced to nothing. It is said that the only reason that the paper has not been boycotted here before now is due to the personal popularity of the local agent, T. O. Cullins.

H. C. L. JUMPS BOTH WAYS, IS LATEST REPORT

(By the Associated Press)

WASHINGTON, April 18.—Prices of meat, butter, cheese, and sugar, increased during the period from February 15 to March 15, while retail costs of many other commodities making up the average family budget decreased, according to the monthly index issued today by the department of labor. An average decline of one percent in the retail cost of food was estimated.

"YOUR THEORIES SOUND GOOD—NOW LET'S GET BUSY AND GIVE THEM A PRACTICAL TRYOUT!"

All Material On Hand For Drilling Well In

Three Are Injured in Lula Shooting Affray Yesterday Afternoon

Three men were shot, two perhaps seriously, in a shooting affray near Lula yesterday afternoon and two conflicting stories are being told of the affair by the men implicated.

C. W. Strater and Pink Cannon were brought to the hospital here last night by a friend and later in the night Sheriff Duncan arrived with Floyd Ellis the other injured man.

Strater had been shot through the left wrist and Cannon had been shot in the chin, the bullet passing out through the front part of his neck. Ellis had been shot through both arms. Strater's wound is not of a serious nature but the other two men are not doing well and may have some trouble from infections which the doctors fear had started before they reached the hospital.

The men are farmers, living about two miles north of Lula. Strater, in a statement to the county attorney last night, inferred that Ellis was the aggressor, but when Ellis arrived he said that Cannon opened fire on him and he returned the fire in self defense.

The officers are investigating both sides of the controversy and it may be necessary to hold a court of inquiry to get at the truth. The three men are in the hospital and no arrests have been made.

The cause of the trouble has not been learned.

Harding Informs Women He Will Take No Steps Till Peace is Declared.

(By the Associated Press)

WASHINGTON, April 18.—President Harding contemplates no steps toward an international disarmament agreement until a technical state of peace has been established, according to members of the Women's Committee for World Disarmament, who discussed the subject with him today.

The committee members quoted the president as saying that although his administration was committed to an effort to reduce armament, he saw no way in which the subject could be approached practically while the state of war continued.

Workmen Building Tank to Take Care of Oil Production.

With the arrival Sunday of the needed casing and two one-thousand barrel tanks, the owners of the Carter-Nance-Laselle well on the Burk farm in 32-5-5, twelve miles northwest of Ada expect to be able to bring the well in before the end of this week.

It is reported that four new drilling locations have been made within a radius of two miles of the well, one to begin within 30 days, two within 60 days and the other within 90 days.

Some of the leading oil promoters of Oklahoma and Texas are now in the city and it is rumored that several big deals have been made.

Interest Continues.

Interest which has grown in volume since the strike was reported, perhaps reached its greatest proportions Saturday evening, when one of the largest crowds in Ada's history thronged the streets and jammed all of the public houses in the city.

Part of the crowd shifted to the Burk farm Sunday afternoon and it is estimated that 2,000 persons visited the well. Because of the great number of visitors there, the owners because of the fire risk, placed a rope around the well Saturday and will not allow any one to enter the derrick.

Next in interest to the Carter-Nance-Laselle well, is the Transcontinental test in 14-5-4, five miles northwest, where Sam Jordan is drilling at 1,040 feet on the same geological structure. If Sam connects with the same sand and finds a showing as good as that found on the Burk farm, the future of the field will have been determined and Ada will become the storm center of the greatest oil boom ever staged in Oklahoma.

Held Meeting Sunday.
Members of the Carter-Nance-Laselle syndicate held a meeting at the Harris hotel last night. The meeting was private, but it is said that matters relative to the handling of the syndicate's acreage were discussed.

A rumor went the rounds Saturday afternoon to the effect that the syndicate had received an offer of \$2,000,000 for a third interest in its holdings, but the authenticity of the rumor was denied by Roy I. Carter, one of the owners.

G. E. Nance arrived from Abilene, Texas, Sunday afternoon. He says he knew nothing of the strike until a man on the train told him of it, near Francis. He says he was not surprised to hear of the

in furniture, livestock, poultry, etc., will be found listed in the "want" columns of The News every day. It's the place where you can buy what you want at a fraction of its real worth. Make these ads a part of your daily reading. Read them now.

Lawton Prisoner Was Ada Worker During Winter

That Edward Young, convicted of murder at Lawton Saturday, lived in Ada during the past winter was the story told by the prisoner in the district court on direct examination. He claimed to have left Ada about a month ago. Last October he came to Ada from Tulsa. He is a union bricklayer and said that he worked at his trade in Ada about five months before going to Lawton, where he has just received a life sentence in the penitentiary.

The crime for which Young was sentenced Saturday was one of shocking brutality. He was charged with cutting the throat of George Harrold, a race track man, while attempting to rob him on the streets of Lawton. According to testimony offered at the trial Harrold ran from Young and a Mexican accomplice, but was caught by them and had his throat cut by Young, dying almost instantly. Some soldiers from Ft. Sill were witnesses of the crime.

FRANCE DENIES ISSUING CALL

Classes of 1918 and 1919 Have Not Been Summoned to Colors.

(By the Associated Press.)

PARIS, April 18.—Reports were current in Lille today to the effect that the military classes of 1918 and 1919 had been summoned to the colors for a period of preliminary training, before being called upon to aid in the possible enforcement of the allied reparations decision, but these reports were declared by the ministry of war to be false. No call for the mobilization of these classes for any reason whatsoever had been sent out the ministry asserted.

NOTICE MASONS.

Ada Lodge No. 119 will meet tonight promptly at 8:00 in regular monthly meeting. Visiting Masons welcome.—John Thrasher, W. M.

PRISONERS FREED, OFFICERS BEATEN

Band of Negroes Rescue Blacks and Escape in Automobile.

(By the Associated Press.)
MUSKOGEE, April 18.—Local authorities today were still without a clue as to the whereabouts of the negroes who late Saturday held up Deputy Sheriff A. O. Etter and J. B. Foster, of Oktaha, took from them two negro prisoners, shot Foster and beat Etter and fled in an automobile.

They expressed hope that before the end of the day they would have in custody several persons who know the identity of the assailants of the officers.

Foster was today to undergo an operation for the removal of the bullet which lodged in his loin. Physicians said he had an excellent chance for recovery.

Etter's 18 year old son, who was beaten by McCann, one of the negro prisoners, is well on the road to recovery. Etter says McCann knocked the former's revolver from his hand when he attempted to resist interference by the negroes, who accosted the party in the outskirts of Muskogee.

TO INVESTIGATE BERGDOLL'S ESCAPE TO GERMANY

(By the Associated Press)

WASHINGTON, April 18th.—The resolution authorizing an investigation of the escape of Grover Cleveland Bergdoll, Philadelphia draft evader, who is now in Germany, was adopted today by the house without opposition after brief debate.

WASHINGTON, April 18.—The Kahn resolution for investigation of the escape to Germany of Grover Cleveland Bergdoll, Philadelphia draft dodger, was reported out today by the house rules committee. Chairman Campbell indicated that it would be taken up in the house soon.

Vatican Denies Rumor.

ROME, April 10.—A formal denial was issued by the Vatican today of the report that it would act as an intermediary between Germany and the United States for presentation of German propositions with regard to reparation.

ADA HIGH SCHOOL VICTOR IN MEET

Both Literary and Track Honors Won by the Local School

Winning by a narrow margin from Francis high school, the Ada high school are now the undisputed victors of the Pontotoc county track and literary meet, having made this record at the meet last Friday and Saturday. The cup will be brought to Ada soon and the school is justly proud of it.

This is the first time in several years that the school has come to the front so strong and they are planning to make a strong showing in the district track meet this week. It is due to the untiring efforts of the officers however, that the meet was so great a success. All voted it to be the best in history and the school has won much credit by their record.

The Irving school won the cup in the B class with the Lula and Francis schools close seconds. They also won the pennant in the girls glee club, while the Hays school won the mixed chorus and B class baseball. Several good records were made during the meet, despite the bad weather conditions and all the schools represented came in for some of the honors.

Owing to the difficulty in getting the complete records of the meet in the proper form the News will be unable to print them until tomorrow but at that time the entire report will be given.

OIL BLANKS AND LEGALS

The big oil strike in the Ada territory will demand numerous blank leases, assignments of leases, deeds, etc., etc. The Evening News anticipated the demand and has stocked it shelves with every kind of legal blanks known to the business world. You get blank leases, deeds, mortgages, and all other kinds of blanks and forms here at prices that are right. Remember, too, that when you get a blank from here that it is just right.

BEGIN CLEARING STORM WRECKAGE

Ninety-Four Known Dead and Many Other Persons Unaccounted For.

(By the Associated Press)
MEMPHIS, Tenn., April 18.—Relief workers today began clearing away debris of the tornado which swept eastward from here Saturday and took a toll of approximately one hundred lives and injured several hundred persons and wrecked a score or more villages and farm vicinities in the state.

The known death list stood at 94, with several missing and believed to have been killed. Memphis, reports 41 dead; in Miller county adjoining it, 17 lost their lives; three were killed in Polk county, one in Yell county and one in Pike.

Arkansas reported nine dead; Alabama 14 and Mississippi, 8. Heavy rains and a sharp drop in temperature which followed the storm contributed to the suffering, but today, with the weather generally fair and temperature returning to normal, the work of rehabilitation was well under way in all sections.

In Arkansas relief work was being directed by the Red Cross headquarters at Texarkana. In other states the task of providing for the homeless and injured is under the direction of local relief committees.

Ada Boy Writes of Experiences in Army in Walt Mason Style

After having served one enlistment in the United States army and then re-enlisting because of the general circumstances making it almost necessary an Ada boy, well known here as he was at one time a resident of the city, waxes eloquent in his description of the years in the army. This description is given in Walt Mason style as follows:

"Standing on the corner and doing no harm, when up stepped a sergeant and took me by the arm. He said 'now young man here is a chance to join the army and shed civilian pants.' He took me to the recruiting station at the corner of Eighth and Pine, and said, 'enlist in the army and see the Rhine.' I tiptoed across the floor, for I didn't know what to do, but I found out in a few minutes, for I was sent right through. They gave me a ticket to get something to eat. But I was studying what I would look like with a pair of hobnails on my feet. I walked in the restaurant, it was nice and clean, and the only thing I could order was a mixture of pork and beans. After I was stuffed very full, I left the table feeling like a new born bull. I reported back to the station, just as it began to rain, and I was ordered to get ready to catch the evening train. I bid my mother goodby and picked up my grip, for I thought I was taking a pleasure trip. I landed at a recruiting post and was given a bed. Next morning I heard a call. I thought about 3 o'clock, but then the sergeant sang a song that gave me quite a shock. 'Oh, rise, get up my boys and get on the rock, it is not quite day but it is five o'clock.'"

"I shifted into my pants, they were a mile too big, and he told me to make it snappy or he would put me in the brig. He ordered us outside and to fall in line, we must have made him mad, for gave us double time. But now those days are over, and my hitch is up. The army life is alright, but the civilian life is tough. But I am going back tomorrow, had to do three more, for every place you go in civilian life, they kick you out the back door. So young men and old men, just take a tip from me. Stay away from the recruiting sergeant, or you will be doing one or probably three."

This was written by Corporal Victor Jobe, who is stationed at Honolulu, T. H. His friends here will be glad to hear of him.

KANSAS WANTS HOWAT CONVICTION TO STAND

WASHINGTON, April 18.—The state of Kansas asked the supreme court today to dismiss the appeal of Alexander Howat, president of the Kansas Miners union and five other union officers from conviction in a state court for contempt in calling strikes in violation of an injunction by those courts.

PRICE OF CRUDE OIL MAKES JUMP TODAY

PITTSBURGH, Pa., April 18.—An increase in the price of crude oil was announced here today by the principal purchasing agencies. The increase ranged from ten to twenty-five cents a barrel.

MR. SCHWABE IS WRONG.

In a statement issued Thursday in reply to the governor's McAlester speech, Mr. Schwabe, speaker of the House of Representatives, states that the Republican legislators will not return to the capitol just to consider appropriation bills. He wants an open session for the consideration of all questions or he will have no session at all.

We believe that Mr. Schwabe is wrong and we believe that the people will refuse to lend approval to his attitude. We are convinced that the legislature should be reconvened for the single purpose of passing the necessary appropriation bills. We do not believe that any necessity exists for considering any other legislative matters. Moreover, we believe that a special session cannot be justified unless called to appropriate such money as is necessary to run the state for the next biennium.

And in taking this position we are not inspired by any opposition to the continuation of the House program of investigation as such. We have believed from the first that such investigation was necessary, that it should be opposed, that it should be thorough and complete. At the same time we believe the House has had sufficient time to probe all matters that called for a probe. We believe that any further probing would be valueless and a needless waste of time. We believe that the public would not lend indorsement to a resumption of a probe that might necessitate a legislative session of sixty to ninety days.

We believe that a special session of the legislature is the only reasonable, if not the only possible, solution of existing problems. We believe that a special session should be called by the governor. At the same time we believe that the work of such session should be limited to such appropriation measures as are necessary to care for our state departments and state institutions and to provide adequate relief for disabled soldiers. Further than this we are not willing to go, and we believe that Mr. Schwabe is pursuing the wrong course when he says that the Republican contingent will not attend a regular session unless it is called for all purposes.

BEGINNING OF THE REFORMATION.

Four centuries ago today began the Reformation. It was on April 18, 1921 that Martin Luther appeared before the council of Worms and refused to terminate his attacks on the abuses of the church.

Had Luther recanted and made his peace with the of fended hierarchy, the currents of modern history would have run smoothly on and Luther himself would have been for gotten the day of his death. Had he apologized to the priesthood for the offense of his ninety five theses Germany would have remained loyal to the Vatican and Protestantism would have been strangled in it's womb.

But Luther refused to recant. Convinced that his conclusions were sound and that his cause was just he appeared before the assembled diet and hurled defiance into the teeth of his foes. Because Martin Luther remained steadfast Germany became a dissenting nation, the Reformation swept western Europe, and Luther became one of the dominant figures of the ages.

The defiance of Luther was more than a question of religious dogma, more than an ecclesiastical episode. It was the birthright of religious liberty and political freedom. It stirred the Fatherland from the Bohmerwald to the Baltic. His personal declaration of independence adopted by his countrymen became the first utterance of German consciousness and ultimately the keystone of the German nation. Incidentally his later translation of the Bible into the vernacular in a large sense created the German language.

Thus April 18 has become one of the greatest anniversaries of modern history. Every creed that finds expression in assembly, synod, congregation, conference, or presbytery can trace its origin in large part to an insignificant city in the forests of Germany, where four centuries ago today Martin Luther sounded the cradle-cry of the Reformation.

Lloyd George seems to have settled the labor crisis in Great Britain and now has nothing to worry him but the Irish question.

We honestly want to support the Harding administration but it is difficult to do when the government persists in sending us a heavy frost every Sunday morning.

During the war period it would have occasioned no comment, but coming at this late date it does seem strange to see the House of Representatives go on a strike for \$6.00 a day.

The Forum of the Press

Lawton News: A knocker's hammer never builds anything more progressive than a tombstone.

Oklahoma News: Returned to Switzerland, Charles might get a job as a hole in a Swiss cheese.

Durant Democrat: Belladonna says the reason her old man hates to wear his good clothes every day is because he isn't any.

Hugo News: If all people were in jail that we think ought to be, thing what a tough life it would be for those of us who would have to support them by paying taxes.

Shawnee News: "The world do more," said a homely philosopher, once upon a time. Yes, it does, he city of Woodward has just elected a non-partisan ticket.

Pittsburg County Guardian: The recent legislature may not have been a very brilliant affair, but just the same it seems that when it left Oklahoma City all the lights about the capitol went out.

Allen Democrat: The fact that a bottle of bootleg whiskey exploded in a Chicago police court, when carried there for inspection, puts weight in our contention that corn whiskey is not always made out of corn.

Pittsburg County Guardian: A Chicago "shimmy dancer" has sued for divorce, declaring that her husband is "insanely jealous of her superior talents" and imagines every body in the audience is in love with her when she is dancing. "Superior" is certainly a brand new name for this sort of hog-trot act.

Weekly Round Up In Police Court This Morning

Three cases of drunkenness and one of disturbing the peace were heard by Mayor Kitchens in the regular Monday morning round up in police court this morning.

Charlie Stephens, Leo Perry, and Daws Byer entered pleas of guilty to having become unduly elevated from taking on too much tangle foot and paid the regulation assessment. Each paid his \$8.75 into the city treasury.

Henry Rogers was before the court charged with disturbing the peace. He was accused of creating a disturbance at the American Cafe Saturday night and was assessed \$10.75.

Negro Arrested For Disturbing The Peace Sunday

A warrant was issued in Judge Brown's court today for the arrest of John Mayo, a colored citizen of Ada. He is charged with disturbing the peace of one Susie Johnson of Bartown. Profane language and threatening to fight are the chief allegations of Mr. Mayo. He was arrested by one of the sheriff's force.

A person habitually constipated is a shining mark for disease, because his system is full of the impurities on which disease germs thrive. Get rid of the habit quickly by taking Prickly Ash Bitters. It is a stimulating and purgative remedy for men. Price \$1.25 per bottle. (adv)

WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and they both said I would have to have an operation. I had my trouble four years and was unfit to do anything, and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."—Mrs. J. F. HURSEY, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old fashioned remedy a fair trial.

NEWS NOTES FROM MOVIELAND

Jackie Coogan, that little lad who has endeared himself to every screen fan by his wonderful work in "The Kid," has just arrived in New York city with his father, Jack Coogan, Sr., to talk over a vaudeville contract. Jackie was the juvenile star in "Peck's Bad Boy," and co-starred with Charlie Chaplin in "The Kid." It is reported that this very new and very brilliant young star will be paid something like \$300,000 for his services for next year. His father is a vaudeville actor and the youngster may sign up with Keith at the price which we breathlessly quoted.

Young Jack was met by representatives of the press when he passed through Chicago and when he arrived in New York, but he exhibited all the blasé indifference toward publicity that all great stars are supposed to have.

Bobby Harron's Brother Acts.

After playing a part in support of Mary Pickford, Johnny Harron, brother of the late Bobby Harron, has gone to Goldwyn to play one of the best roles in Rita Weisman's "The Grim Comedian." Others in the case are Phoebe Hunt, Jack Holt, Eric Snowden, Claude Peyton, Joseph Dowling, Gloria Hope, Bert Woodruff, Laura Lavarie and Mac Hopkins.

"Star Dust" to Be Realistic.

Plans to stage a real train wreck the most spectacular ever contemplated in the history of motion picture production, are announced by Hope Hampton in connection with the screen version of the Fannie Hurst story, "Star Dust." Miss Hampton is the star of this

Jackie Coogan.

production, which is now being filmed at Fort Lee, N. J., for release through Associated First National. She announces that she intends to make this photo-play the acme of realism on the screen.

Some Cast!

Does Famous Players-Lasky really mean to enforce its all-star system? It does. Although the announcement has not yet been made in electric lights, it is said that Lionel Barrymore, Elsie Ferguson and Wallace Reid will appear together in the screen version of "Peter Ibbetson." And what could be more stellar than that?

Farrar.

Geraldine Farrar is five feet six, weighs 135, has black hair and

gray eyes. Her father was a famous ball player.

Wally Reid in "Ibbetson."

Wallace Reid is planning to go to New York to co-star with Elsie Ferguson in "Peter Ibbetson." The ambitious young actor desires to do a few high-strung dramatic roles as a relief from the hot love making of "Anatol," and the speeding of his high voltage comedies. He returned to Los Angeles recently from Vancouver, where he opened the Capital theatre, the eyes of the inhabitants and other things accompanied by the burgomaster of the place.

Citizen Seeking Modification of Divorce Decree

Suit for modification of a divorce was filed in district court Saturday by John T. Trimble by his attorneys Roland & Haffer. According to his petition a decree of divorce was granted to his wife, Georgia Trimble, on August 1, 1919, by the terms of which Mrs. Trimble was granted the custody of their child with the understanding that Trimble should pay \$100 a year for the support of the child and be privileged to visit his child from time to time.

Comes now the plaintiff and alleges that his former wife has not abided by the terms of the prior court order, but does not permit him to visit his child. He claims that in spite of poor health he has paid for the support of the child and has paid even more than the

court ordered. Therefore he prays that the former court order be modified and that he be granted joint custody of the child.

Maxwell Citizen Fined By Justice For Carrying Gun

Bob Bramlett of the Maxwell country was before Judge Brown yesterday to answer a gun toting charge. He entered his plea of guilty and was assessed \$38.50. A warrant for his arrest had been issued several days ago and he came in yesterday and paid the damages.

MRS REIFENSTEIN, AGED 60, GAINS 25 POUNDS

Declares She Would Like to Put a Bottle of Tanlac in the Hands of Every Sick Man, Woman and Child in This Country — Never Saw Its Equal.

"I am sixty-seven years of age, but in all my experience I have never known a medicine like Tanlac. Think of it! At my age to gain twenty-five pounds in weight, but that is just what I have done," said Mrs. Emma Reifenstein, of No. 337 Webster Avenue, Syracuse, N. Y.

"If I had it in my power," she continued, "I would put a bottle of Tanlac in the home of every sick man, woman and child in this country, for I know what this wonderful medicine would do for them. For almost two years I was almost a nervous wreck. I did not leave the house or even go up town unless my husband went with me. I was afraid to even cross the street and had a feeling of dread all of the time.

"My stomach was weak and easily upset. For days at a time I would go without solid food. I could not rest at night to do any good and felt tired and worn out all of the time. Some days I could hardly drag myself across the room and was so weak and miserable I was ready to give up.

"My health is fine now and I eat anything I want and never have a touch of indigestion. I have never slept better than I do now. My recovery is the talk of our neighborhood, as it was generally believed I could not last but a few weeks longer. This grand medicine has

MRS. EMMA REIFENSTEIN
337 Webster Ave., Syracuse, N. Y.

brought me health and happiness and I just can't say enough in its praise."

Mr. J. Reifenstein, in commenting on his wife's statement, said: "Yes, her recovery has been a happy surprise to us all. A few weeks ago I had no idea she would be able to pull through, but now she is in better health than I have ever seen her and the credit is due to Tanlac. We have been married fifty-two years today and I don't believe I have ever seen her looking any better."

About Society News

All society news, weddings, entertainments, socials, parties, receptions, teas, dances, club meetings and activities, formal and informal gatherings, visiting, both in and out of town, is wanted by the News. The policy of the paper is to get the news while it is news and news of this nature is highly appreciated. By phoning it in to the Society Editor, phone 307, you will be doing a service both to yourself and to the paper. Remember, no matter what you think about it, others want to know it, so call the News. It will be appreciated.

The Chap at the Window.

It's a comfort to me in life's battle
When the conflict seems going all wrong,
When I seem to lose every ambition
And the current of life grows too strong,
To think that the dusk ends the warfare,
That the worry is done for the night,
And the little chap there at the window
Believes that his daddy's all right.

In the heat of the day and the hurry
I'm prompted so often to pause,
While my mind strays away from the striving,
Away from the noise and applause:
The cheers may be meant for some other;
Perhaps I have lost in the fight;
But the little chap's there at the window,
Believing his daddy's all right.

I can smile at the downfalls and failure,
I can smile at the trials and pain;
I can feel that, in spite of the errors,
The struggle has not been in vain.

If fortune will only retain me
That comfort and solace at night
When the little chap waits at the window,
Believing his daddy's all right.

—Louis E. Thayer.

Cemetery Association Meeting.

The members of the Cemetery association will hold a business meeting Wednesday afternoon at 3:30 p. m. in the office of Mrs. Brown located over the Palm Garden. An election of officers will be the main business at this meeting and all are urged to be present.—Mrs. W. B. Jones, sec.

Mr. and Mrs. John Gatlin of Henryetta were in the city over the week-end visiting friends.

Miss Frankie Diester, a teacher in the Frisco school, was in the city Saturday visiting friends.

Mr. Seals of Mineoka, Ark., arrived in the city last Saturday to enter the normal for the following term.

Mesdames Emma Weams and Lena Matthews of Durant arrived in the city yesterday. While here they are guests of the Harris hotel.

Miss Floy Miller of Stonewall was in the city over the week-end visiting relatives and friends. She also attended the literary meet while here.

Mrs. S. M. Crowder, Mrs. E. E. Wood and Jean Francis Wood of Greenville, Texas, are the guests of Mr. and Mrs. Faunt LeRoy this week.

Miss Watson, music supervisor in the Holdenville high school was in the city Friday and Friday evening. She was a judge in the literary work in the county track meet and returned to her home at that place Saturday.

Misses Frazier and Coffey of Shawnee who acted as judges in the county literary meet here Friday evening returned to their home at that place Saturday.

C. P. Penrose is in Oklahoma City today attending a convention of the state Edison dealers. While there he will be a guest at the home of his wife's parents, Mr. and Mrs. G. H. Griffith. The convention will continue until Tuesday afternoon.

Mrs. W. R. Seymour and two daughters of Montgomery, Ala., have arrived in the city for an extended visit with their parents, Mr. and Mrs. A. J. McKellar and other relatives. They will be here several months.

Mr. and Mrs. S. M. Shaw and daughter, Lady Percy, and little son, Charles, returned to their home here Saturday. Charles has been in the sanitarium at St. Louis for some time for treatment. He is much improved now.

"Housing" Bill Legal.

(By the Associated Press)

WASHINGTON, April 18.—The so called "Housing" bills of New York were held valid today by the supreme court.

The District of Columbia rent act also was declared constitutional. The courts divided five to four in each case.

Want to buy a home? Turn to the

Rich Hubby Has Much Evidence Against Peggy, Lawyer Asserts

Peggy Hopkins photographed recently at Palm Beach.

CHICAGO, April 18.—(Special)—When Stanley Joyce, millionaire lumber prince, named five men in the annulment suit he filed against Peggy Hopkins, he didn't begin to tell the things he alleges he knows about her, it was revealed today.

His bill asserts she made trips with well known men to various parts of Europe and lived in the homes of others, but that is absolutely nothing compared to the secret cards his lawyer says he still has up his sleeve.

"We have enough evidence to cram the Field museum full and then have some of it piled up around the outside," said Alfred Austrian, his attorney.

"The evidence is all under lock and key and Mr. Joyce is the only one who has access to it and it must remain a secret until he consents to give it out.

"The evidence runs a trail from France to Italy, from Italy to England and from England to America, where it blazes its way from New York to Miami and other fashionable resorts."

Mr. Joyce would not discuss the suit.

"The suit speaks for itself," is all he would say.

ALL MATERIAL IS ON HAND FOR DRILLING WELL IN

(Continued from Page 1)

strike as he has always had great faith in the location.

The five and three-sixteenths inch casing has been hauled to the well and workmen are busy building a storage tank. It is thought that the tank will be completed by tomorrow afternoon and the drillers will likely begin lowering the casing tomorrow morning.

No Trouble Expected.

If no trouble is encountered in placing the casing the work can be finished in one day. The well has set for a week with about 100 feet of open hole at the bottom, and it is not improbable that there has been some caving in the walls. However, the drillers are not expecting to have much trouble, as the hole was in good condition when the drilling stopped last Monday.

One of the large storage tanks was secured in a nearby field and the other was hauled from Muskogee to the Canadian river near Konawa, in auto trucks. It was necessary to unload the trucks there and bring the tanks across the river in wagons, as the truck drivers were afraid to try crossing the river, the bridge being gone.

It is unofficially reported that a 20-day drilling contract has been made for a well on the W. J. Hor-

Snake Oil

was laid out by Major John J. Otly, a man 84 years old. He made his survey two years ago for the Love Petroleum company of Love county and in his reports he favored a location about one-half mile from the place where the Carter-Nance-Laselle syndicate drilled the present well.

It is said that Major Otly had great faith in the location and predicted that a great pool would some day be found. He estimated that the oil would be found at 1,800 feet. The aged geologist had worked for the United States government for a number of years and was considered entirely reliable, but the plans of the Love Petroleum company fell through and Major Otly's reports were never tested until the drillers last week found oil within 70 feet of the depth he predicted. Mr. Otly now lives at Marietta and will no doubt be pleased to know that his calculations were so nearly correct.

Property Values Soaring.

Property values in Ada are soaring, as a result of the increased activities stimulated here by reports from the big well. Several pieces of property have already changed hands at advanced figures and other property which has been listed with real estate men for some time has been withdrawn from the market.

Dealing in leases, temporarily suspended Sunday, was resumed again this morning. Several local men and farmers living northwest of the city have fared well in some of the trades which have been made.

All of the banks in the city report enormous gains in cash deposits and the wave of prosperity is reaching into all lines of business within the corporate limits.

Hotels Full.

All of the hotels and rooming houses in the city were crowded to capacity Saturday night and if the visitors continue to come during the present week as they did come last week it will be necessary to pitch tents or open the doors of private homes for the accommodation of the newcomers.

All of the abstract companies in the city are swamped with business getting up records of transfers which are being made each day.

A Few of the Visitors.

The following are a few of the newcomers who were in the city Saturday. Some of them returned home to spend Sunday, but all will return during the week:

Marvin Harding of Electra, Tex., oil man and cousin of President Warren G.

Simon Westheimer of Ardmore, capitalist and one of the leading oil men of the state.

Sam Daube of Ardmore, promoter and capitalist.

E. H. Short and W. R. Woodridge, two prominent oil men of Tulsa.

Geo. B. Orr of Wilson, formerly of Ada, one of the leading contractors and operators in the Wilson field.

W. C. Jones of Abilene, millionaire oil man and owner of the Reece hotel at Abilene.

Henry James of Abilene, promoter N. M. Clifford of Wichita Falls,

THREE NORMAL TEAMS PREPARING TO DEBATE

The East Central Normal has three debating teams, which are now in training under Professor Edward Davis of the history department. Two of the teams are composed of boys and the other of girls.

The subject which has been chosen for that Normal teams of the state to debate this year is: "Resolved: That the state of Oklahoma adopt a plan similar to the Kansas plan for the handling of industrial disputes." (The constitutionality of the act being eliminated from the discussion.)

The girls' team, composed of Miss Elizabeth Smith of Henryetta, Miss Opal Little of Ada and Miss Inez Benet of Wetumka, will meet the Oklahoma Baptist University team of Shawnee at the Ada Normal, next Wednesday evening, April 20.

In the triangular meet which has been arranged to take place on April 29, teams from Ada, Tahlequah and Durant, the three normals on the east side of the state, will debate the subject quoted above.

On that date one of the Ada teams will go to Durant, one of the Durant teams will go to Tahlequah and a Tahlequah team will come to Ada, the negative teams of each school to remain at home to meet the visitors who will take the affirmative side.

Ada affirmative team is composed of Raymond Caskey of Stratford and William Little of Ada. The negative team is composed of W. K. Newcomb and J. W. Zimmerman both of Ada.

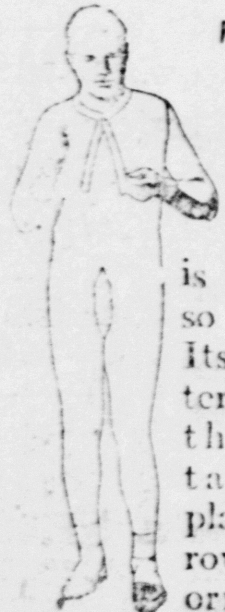

The judges for these debates will be chosen by the president of the University of Oklahoma. No one in the audience will know who the judges are except the judges themselves, nor will the debaters know. At the conclusion of the contest the judges will come forward, present their credentials and make their decision.

There will be no admission charged to any of the debates and the public will be welcome.

Fitzhugh Citizens Thank Boy Scout Band for Concert

A letter received here today from Fitzhugh made known the fact that the Fitzhugh citizens who were present and heard the musical program given at that place last Thursday evening by the Ada Boy Scouts were very anxious to extend their most hearty and appreciative thanks to the boys for visiting their city. Two numbers were especially mentioned in the letter, although all were highly appreciated, and they were the cornet solo given by Burgess Steed and the vocal solo by Carl Spangler. It seems that they were not satisfied with the treatment they gave the boys and wish to square themselves.

The three attractive places during the summer season, the city lake, the Ford swimming pool and the bathing pool in the city park, will be of little use if the prevailing winter weather continues. Improvements were being made at all three places and the work was rushed to have them ready at an early date, but now there is no need for the hurry.

THE beauty of this splendidly made garment is that it is so simple. Its one master button at the chest takes the place of a row of nine or more buttons and buttonholes. That means, for one thing, just so much less repairing to be done, but more than anything else it means that the

HATCH ONE BUTTON UNION SUIT

is the perfect-fitting union suit. The one button does away with all that gaping and wrinkling that comes when there is a row of buttons and a row of buttonholes to be pulled together.

Step into our shop today and see the Hatch One-Button Union Suit yourself. We have it in a wide variety of weights, materials and prices.

NEW LEAGUE TO OPEN SEASON

The Southwestern Baseball Clubs Form League; First Game Soon.

(By the Associated Press)

TULSA, April 15.—The newly organized Southwestern baseball league, composed of teams from north-eastern Oklahoma and southeastern Kansas cities, opens its 1921 season April 21. Rated as Class "V" league, the schedule and class of players making up the various rosters will offer a better class of baseball, according to managers and officers of the league.

The league has an official full-season schedule, operated on a national circuit. Many players numbered among the different teams have seen major service in the big leagues while others returned to smaller teams for more experience, after try-outs with the larger teams this spring. Double-headers are scheduled for several of the opening games.

Managers of some of the teams in the new league come from all stations of the major leagues. Others are new faces in Oklahoma baseball circles and little is known of their past baseball history or the qualifications they offer for successful leadership. Recruits on the rosters of a number of the teams were held up to close before the opening of the season due to the fact that the team was late in starting spring practice or the players delayed in reporting.

Independence, Kans., under the leadership of Ted Waring, former catcher for the Pittsburgh team of the National league and last year manager of the Enid team of the Western association, has announced his team ready and prepared to step off with the opening game a drive toward the flag. Included in his line-up are a number of play-

ers that have seen service with Major and Minor league teams.

The "Walter Johnson" team at Coffeyville, Kans., the home-town of the Washington Twirler, is managed by Joseph Clark and Pete Axer, of whom little is known in Oklahoma baseball fandom. It is reported, however, that the team has a strong field to draw from and is being materially aided by the advice of the American league star.

The Pittsburgh, Kan., team will sport new uniforms of white when they romp out on the diamond for their initial home game. Frank Matthews, another "dark horse" manager to followers of the game in Oklahoma has his team ready for action but only meagre reports have been received of the personnel of his team.

Bobby Wallace, at one time manager of the St. Louis Browns, pilots the Muskogee team. Wallace has worked out a strong team from the two-score candidates that were called in early in the season and Muskogee boosters are predicting the team to be one of the chief contenders for the 1921 championship.

The Bartlesville club, managed by John McGloskey, a former Louisville star, boasts of its pitching staff and experienced infield.

Bobby Byrne, for a number of years with the Pirates, is managing the Miami team, probably one

of the smallest cities of the new association. The ex-Pirate was early in getting his material into shape, however, and will have a strong all around force for the opening contests, he states.

Jerry Jones, a new manager to Oklahoma, leads the Sapulpa team. Jones is aided by the signing up of practically all of the last year's team.

Parsons, Kans., the remaining Kansas member of the team, is directed by Kitty Knight, also a new man to enter Western baseball. Several of the cities have built new parks for the teams while in others old equipment has been torn down and new buildings erected.

OZARK TRAIL TO BE FILMED FOR MOVIES

The Chandler-Sulphur route of the Ozark Trail is being filmed for moving pictures by L. E. Brewer of Shawnee, commercial film producer and Fox News camera man for the state of Oklahoma.

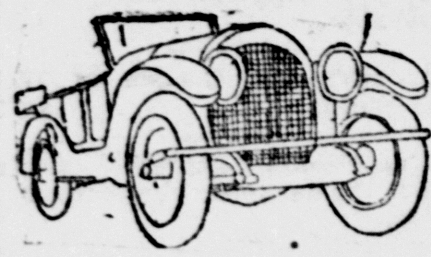

The production will consist of 3,000 feet of film and will incorporate scenes of the highway from Chandler to Sulphur with special attention given to Chandler, Shaw-

THE MERRY JOURNEYS of MARY JANE

"It looks like a nice day tomorrow," says Billy Beady-Eyes to Mary Jane

Mary Jane and the Hop Toad

BILLY BEADY-EYES was an old hop-toad who lived in the garden back of Mary Jane's house. He was so fat he could hardly hop—and he was the champion bug-hunter and fly-catcher of the village.

One day Mary Jane went out to ask Billy Beady-Eyes if he thought it was going to rain tomorrow. For hop-toads know all about whether it's going to rain or not. Billy looked up at the sky a minute, and then he said:

"It looks like a nice day tomorrow, but I wouldn't be at all surprised if we had rain. Did you ever eat a bug?" Mary Jane said, No she never did. Her mamma always gave her a big piece of bread, with lots

and lots of delicious Mary Jane Syrup on it, when she was hungry.

Billy said he often heard that this was the very nicest thing anybody could eat, and it made little boys and girls fat and healthy and rosy. So she went into the house and brought out a lovely lunch of bread and Mary Jane Syrup. That made Billy her friend for life.

And now, whenever she wants to know whether it's going to rain or anything, all she has to do is go out in the garden and ask Billy. And he comes nearer guessing right than the weather bureau.

LOOK FOR the next "Mary Jane and the Sunday School Picnic."

Lions To Try One of Their Members On Serious Charge

The regular meeting of the Lions Club of Ada tomorrow at the Harris Hotel promises to be one of unusual interest. Since the Semi-monthly Gas, official organ of the Club, makes no bones of mentioning the fact, we presume that the News would not be criticized for stating that one of the members is to be tried for a very grave offense. J. A. Cowling, one of the new members of the club, is charged with having made way with, quite an assortment of silverware and other valuable table articles at the last club luncheon, and "Gas" says that the prosecuting witness against Mr. Cowling will be "Gyp the Blood" and F. J. McFarland, proprietor of the Harris and owner of the stolen silverware.

The defense will undertake to prove that the Harris Hotel never possessed any silverware in the history of its operations in this city, and that what tableware it does own is some that mysteriously disappeared from the Hotel Busby at McAlester when Mr. McFarland quit that popular hostelry a few years ago.

Whatever the facts may appear to be at the trial, the case is attracting much interest and the trial promises to bring out a full attendance of Lions at tomorrow's meeting.

WOULD COMBINE IN FIGHT AGAINST PANAMA

(By the Associated Press)
WASHINGTON, April 18.—Guatemala, Honduras and Salvador, members of the new Central American union are pledged to declare war simultaneously with Costa Rica against Panama if Costa Rica deems such action necessary in view of the present boundary dispute with Panama, according to official advice received here today.

Miss Enid Holloway who is teaching at Maxwell, spent the week-end here visiting relatives and friends.

LODGES

ADA COUNCIL No. 625 U. C. T.—Meets first Saturday night each month at I. O. O. F. hall.—W. H. Holmes, Sec.-Treas.

A. O. U. W.—Lodge No. 40 meets first and third Tuesday nights of each month at Ada Business College.—J. B. Emory, secretary.

High School "Y" Makes Good Progress in School During Past Two Weeks

Organized on Wednesday, April 13, with only eight members following the attendance of the state convention, the Hi Y made its bow to the school and has since grown to one of the liveliest and foremost organizations in the school. There are now 24 charter members and officers have been chosen. Their second public meeting was held yesterday in the high school auditorium and the progress of the young organization is much in evidence, despite the many conflicting drawbacks to it.

The Hi Y, organized by the boys of the Ada High school for the purpose of bettering the moral, physical and mental conditions in the school, is proving to be a success, although the boys meet many obstacles at every turn of the road. They are a determined lot and will make the club one of the best in the state. It has already been affiliated with the state high school branch of the Y. M. C. A.

They are planning to appear in public at various occasions in the near future and the conducting of church services at the different churches will be the means to make some of these appearances. The attitude of boys towards the girls will be another problem which they will endeavor to solve and several other equally important matters are now under discussion. They meet for this purpose every Tuesday morning. Their Sunday meetings are open to visitors and are held in the high school auditorium every Sunday afternoon.

The following officers have been elected for the remainder of this school year: Charles Cuning, president; Richard Taylor, vice-president; Charles McKellar, secretary-treasurer; Webb Riddle, chairman of membership committee; George Carr, chairman program committee. The boys want the co-operation of the public in assisting them to carry out their plans and are confident of their being able to succeed.

PROMINENT MCALISTER MAN KILLED SATURDAY NIGHT

(By the Associated Press)
MCALISTER, April 18.—J. W. Jones, chief engineer for the Southern Utilities company for 25 years, died this morning from a fractured skull received when struck by a motor car Saturday night. He is survived by his widow and five children.

Mrs. Qualls of Wilson was in the city over the week-end visiting friends.

TO STOP PEAK LOAD' IN MAILS

Constant Flow of Letters Instead of Deluge, Aim of Authorities.

Do you leave your outgoing letters lying around the desk all day, then gather them all up about 5 p. m., and slip them in the mail box?

If you do you're classed with the 75 percent. If you don't you're in the select 25 percent.

And if you're in the 75 percent, Will Hays, postmaster general, is out gunning for you. He wants to shift things around.

To Eliminate "Big Peak"

Instead of more than three-fourths of the day's mail coming into the postoffice between the hours of 4 and 7 p. m., he would have it coming in a steady stream all day with no "big peak" in the evening hours—just the time the postal employees would like to be wending their ways homeward to eat supper with the wife and kids.

At the Washington postoffice, Will says, about 600,000 of the 700,000 letters were dropped into the mails in the three heavy evening hours.

But he's changed things in Washington in the six weeks he's been on the job. He was able to transfer 24 night clerks in the mailing division to the day force, he says.

Want Change Here.

And he would like to do the same thing here—anywhere. The day force in the mailing division should now number two men, while five are forced to work during the late afternoon and evening hours, Earl Sumner, assistant postmaster, says he would like

to change the number around. But he can't as long as you let all your day's letters go into the mails about 4 or 5 or 6 p. m.

More efficient service by reason of less congestion in the early hours of the day, better hours for clerks, better mail service through the entire system are among the benefits that would accrue if business houses and persons generally would co-operate with the postal service, it is claimed.

You can keep your stomach strong bowels regular and kidneys active by using Priely Ash Bitters. It is a necessary condition to maintain the health of the body. Price \$1.25 per bottle. Gwin & Mays, special agents. (adv)

Notice of Sale of Oil and Gas Lease, State of Oklahoma, County of Pontotoc, ss.

IN THE COUNTY COURT

Probate No. 866.

Notice is hereby given in pursuance of an order of the county court of Pontotoc county, state of Oklahoma, made and entered on the 15th day of April, 1921, the undersigned guardian will offer for sale and sell at public auction to the highest and best bidder an oil and gas mining lease on Tuesday the 19th day of April, 1921, at 10 o'clock a. m. the following described lands situated in Pontotoc county, state of Oklahoma, to-wit:

North half of northeast quarter of northwest quarter and the east half of northeast quarter of north west quarter and east half of south east quarter of northwest quarter and southwest quarter of southeast quarter of northwest quarter of section, 29, Township Five North, Range Five East, and SE 1/4 of NE 1/4 of NW 1/4 and E 1/4 of SE 1/4 of NW 1/4 and SW 1/4 of the SE 1/4 of NW 1/4 and N 1/4 of the SE 1/4 of NW 1/4 of sec. 29, Twp. 5N, Range 5E, and S 1/4 of SE 1/4 of SE 1/4 of Sec. 30, Twp. 5N, Range 5E, and N 1/4 of NE 1/4 and E 1/4 of SE 1/4 of NE 1/4 of Sec. 31, Twp. 5N, Range 5E. Containing 70 acres.

Said oil and gas lease will be sold on the following terms and conditions, to-wit: Cash upon completion.

A cash bonus of not less than

Forty Dollars (\$40.00) an acre to be paid upon the approval of said lease and its delivery to purchaser.

Said sale to be held in the office of the county judge of Pontotoc county, Oklahoma, at the time above stated.

Dated this 15th day of April, 1921.

M. C. COPELAND, Guardian.

The Sales-Tax Penny Is the Latest

Are to Be Distributed Throughout America

"A penny for your tax thoughts" says the advocate of the Simplicity or Sales Tax, handing you the copper coin shown in the accompanying illustration. For the coin is a simple reminder from the National Council of Traveling Salesmen's Associations that they are backing the most modern tax program to the limit.

The term "Simplicity Tax" as applied to the plan heretofore known as the Sales or Turnover Tax, was inadvertently coined by our ex-President in an address asking for the lessening of the tax burden that weighs so heavily on the citizen of today.

Nothing New in the Plan.

The idea of applying 1 percent of the country's gross sales is, however, not quite so new. For 30 years it has operated in Mexico with marked success; for 16 years it has been working in the Philippines and the final analysis is that the natives there pay their taxes without realizing it. Canada recently enacted a Gross Sales Tax Law and Czechoslovakia, the only war nation in Europe that lived up to its budget last year, can credit a similar taxation policy with that remarkable achievement.

To Remove Luxury Taxes.

A nation-wide agitation for the removal of the excess profits tax, luxury tax and sur-tax has developed into an almost solid support of the Simplicity tax as the logical substitute, inasmuch as this alternative is counted upon to furnish over 4 billion dollars worth of income for the government at an average cost of 2 1-2 per cent of each citizen's expenditures.

TWO KILLED IN MISTAKEN IRISH BRAWL YESTERDAY

LIMERICK, April 18.—Two members of the crown forces were killed and one was wounded in a hotel at Castle Connell, county Limerick, last evening, when soldiers arriving at the hotel in Lorries mistook some of their comrades in civilian clothes, already at the hotel, for Sinn Feiners and began firing. Dennis O'Donovan, proprietor of the hotel also was shot and instantly killed. One report says he was taken into the hotel yard and executed on suspicion of harboring rebels.

Viviana Prepares to Leave.

WASHINGTON, April 16.—The mission of Rene Viviana's commission extraordinary to the United States was brought to a close today. He paid final respects to President Harding at the White House and to Secretary Hughes at the state department yesterday. While he has already left his card at the home of former President Wilson, he has not yet seen the latter personally. He will sail for France from New York next week.

The element of certainty is the redeeming feature of the 1 percent Simplicity tax, for a broad explanation of it calls for the monthly payment of 1 percent of that period's receipts by every seller of a commodity or service. The consumer—the ultimate target for all taxes—

finds that under such a system the price of his goods is increased 2 1-2 percent, as at present. (The United States Department of Justice reports that present taxes have added 23 percent to the cost of living.)

Revenue Easily Collectible.

It is possible to collect the necessary revenue in spite of the very obvious reduction in ratio because it has been found, under Simplicity Tax program in other countries that there is such an imperceptible opportunity for evasion that practically everybody contributes a just share to the fund. As things now stand, the taxes aimed at the wealthy are easily shifted along to the consumer whom they pretend to safeguard.

The tentative reorganization of schedules now in mind asks for a lifting of the minimum personal income taxable; the abolishment of the luxury taxes, the devastating sur-taxes, the levy on "excess profits" and the enactment of no other tax on business.

Business men from every quarter of the country are beginning to realize that in the Simplicity tax lies the only hope for a continued healthy commercial life.

Appointments Confirmed.

WASHINGTON, April 16.—Nominations of George Harvey of New York to be ambassador to Great Britain and Myron T. Herrick of Ohio to be ambassador to France were confirmed today by the senate.

Nervous fluttering or palpitation of the heart does not indicate heart disease, generally it means disorder in the stomach and digestion. Prickly Ash Bitters is a man's remedy for such ailments. It cleanses, strengthens and regulates the stomach, liver and bowels, removes the cause of heart symptoms and builds up a strong and vigorous body. Price \$1.25 per bottle. At the American "Earthbound," taken from the story of the famous author, Basil King, which will be shown at the American theatre today is described as being in many respects the most remarkable film ever produced both in theme and artistic workmanship. An entire year of constant work, during which more than thirty-seven miles of film were taken, was devoted to the making of this picture in the Goldwyn studios at Culver City, California. The story is that of the powerful influence of a woman's charms which blasts the lives of two families, culminates in murder and follows its victim even into the life beyond. "Earthbound" made a tremendous impression at its advance showings at legitimate theatres, both in New York and Chicago, where it was hailed as the greatest forward step in the development of screen art. An all-star cast of players includes Wyndham Standing, Mahlon Hamilton, Flora Stevalles, Naomi Childers, Lawson Browne, and Francis, Billie Cotton and Kate Lester.

GLORIA SWANSON in CECIL B. DeMILLE'S Production "SOMETHING TO THINK ABOUT" A PARAMOUNT PICTURE

She Has Leading Role in DeMille's "Something to Think About."

Gloria Swanson, who had the leading feminine role opposite Elliott Dexter in "For better, For worse," appears in a similar capacity in "Something to Think About," the new Cecil B. De Mille Paramount picture which comes to

the McSwain Theatre today. During this past year this talented artist has won many admirers by her splendid acting in "Male and Female" and "Why Change Your Wife?" Elliott Dexter has the leading male role.

Theodore Roberts, veteran Paramount character, has one of the most difficult parts of his screen career in the part of Luke Anderson, the stern father who blinds himself in a fit of rage. Rogue gambler of the 20th century, and speed driver in his many varied roles, Mr. Roberts declares that the part of Luke represents the hardest work he ever did in his life, necessitating as it did a study of all the characteristics peculiar to sightless men.

Others in the cast are Monte Blue, who has an important supporting part, Claire McDowell, Mickey Moore, Julia Faye, James Mason, Theodore Kasloff and Togo Yamamoto. "Something to Think About" is an original story by Jeanie MacPherson who was responsible for "Old Wives for New" and the scenario of "Male and Female."

BIG SLUMP REPORTED IN AMERICAN TRADE

(By the Associated Press)

WASHINGTON, April 18.—American foreign trade last month was nearly three quarters of a billion dollars less than in the same month last year, figures made public today by the department of commerce show.

Exports for the month were \$384,000,000 as compared with \$820,000,000 in March 1920, while imports were \$252,000,000 as compared with \$524,000,000. This left a trade balance for the month of \$132,000,000 as against \$296,000,000 in March, 1920.

South Dakota to Build Schools.

(By the Associated Press)

SIOUX FALLS, S. D., April 15.—South Dakota will surpass every other state in the west this year in the construction of school houses, in the opinion of G. P. Harris, Sioux Falls building inspector. During the past several years, Mr. Harris declared, municipalities throughout the state have been unable to sell their school bonds but now that the money market is in better condition, bonds have been readily disposed of at a higher rate of interest and construction has begun.

THE SURE FOUNDATION—The righteous shall inherit the land, and dwell therein for ever. The law of his God is in his heart; none of his steps shall slide.—Psalm 37: 29 and 31.

PRINTERS STRIKE THREATENS LOSS

Demand for 44-Hour Week Promises To Bring Trouble.

NEW YORK, April 17.—Millions of dollars will be lost to American labor and business through the printers' strike scheduled to become nation-wide on May 1. Something near 30,000 establishments will be affected, the annual wages of whose employees in the printing and allied aggregates approximately \$100,000,000. Only the newspapers will escape the walkout, they having acceded to the union demands some months ago.

Business will be hit, especially hard if the strike is of long duration, and this seems altogether probable to result. The great volume of work that in ordinary times keeps these 30,000 plants in active operation will be cut off summarily. And it is printing that in normal times is essential to the success of the concern that buys it. Business generally is seeking a way out.

In the outlast strike here 18 months ago one national magazine resorted to typewriting its matter and utilizing photographic, stereotyped plates for printing. This will not be possible this time as engravers and stereotypers will be affected as well as compositors. Nor will they be able to have their printing done in other cities, as many others did, this walkout being general.

During the former strike two New York journals got their publications out on time by using multigraphs and reducing the size of their pages. They are planning to do this again and numerous others will doubtless follow suit, providing they can get the machine. The manufacturers, however, are now having a tremendous demand from business houses, many of whom seem determined to become independent of printers and printers' strikes in the future.

It is estimated that the daily loss in wages, profits, and handicaps to business generally will average

Springtime Is Here!
Plant your flowerboxes and baskets now.
ADA GREENHOUSE

close to \$750,000 a day if the strike continues any considerable period.

Highway Building Plans Pleasing To Good Roads Club

The contract for building the Ada Allen road is to be let in Oklahoma City tomorrow by the state department of highways. Concerning this road building project, H. B. Roach of Ada, president of the Good Roads Motor club of Pontotoc county, gave the following interview this morning to the Evening News.

"I have been asked several times about the cost of building a Federal highway from Ada to Allen. I am not in possession of any figures to give out. I understand that a contract for building a part of this highway is to be let tomorrow in Oklahoma City by the state department of highways. I am informed that when the Federal government lets a contract for the construction of any building or highway project, the contract for such construction must be according to such government specifications. The first procedure of the government is to lay out the road, giving the grade, curves, and elevations, and then make the specifications as to material and construction. The contract is then let. The contractor then builds the first mile of road, after which the government engineer goes over the road and inspects it. If the engineer finds that the road has been built according to specifications, the contractor draws a per cent of the contract price. The remainder of the road is then built in the same way.

"Here are some figures as to what certain counties in Texas are paying for the construction of Federal roads, or roads that have Federal money invested in them, to match an equal amount furnished by the state or county. In Lamar county a contract has been let for the construction of 13.85 miles out from Paris. The contract price for this 13.85 miles is \$437,401. Dallas county is now spending \$6,250,000 on highways. One contract calls for the construction of 11.25 miles at a cost of \$400,000.

"It has been estimated that the cost of constructing 5.25 miles of the Ada-Allen highway will be about \$100,000. Thus it will be seen that the cost per mile of this highway will be much less than it is costing to build roads in Texas.

"The specifications for the Ada-Allen road and the procedure followed have been found to be perfectly satisfactory to the Good Roads Motor club."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits.
